WHAT OTHERS ARE SAYING ABOUT THE PICTORIAL LIBRARY

"I have viewed thousands of images from a variety of collections but I have never seen a better collection than this." (Terry Taylor, eBibleTeacher.com)

"Truly glorious. These disks exceed my greatest expectation. **What a wonderful teaching tool for a pastor.** I have been to Israel several times and have lots of pictures. But these are just so good." (John Daniel, Sr. Pastor, Richmond, VA)

"I want to compliment you on the great job you did with the aerials; they are the best I've seen from the Holy Land. I've been to Israel many times and understand the conditions and effort that you had to go through in order to get such good results. As a ex-professional photographer that has done his share of aerial work and presently now Senior Pastor of Living Word Church in Syracuse, NY for the last thirty plus years, **I not only personally enjoy these photos but use them in our presentations with the Word of God in our assembly.** Thanks again for your dedicated labors!" (Robert Mazur, Sr. Pastor, Syracuse, NY)

"Just had to write to tell you **how very helpful your FANTASTIC set of CDs have been to my husband and me** as we have been teaching our Bible Study and Sunday School Class...over the last couple of years, we have used photos from EVERY set...a picture is TRULY worth a 1000 words (we can save ALOT of class time as well as make a memorable impression)." (Dee Alberty, Bible teacher)

"I have just obtained the full Pictorial Library Collection and it is very, very beautiful. It is such a pleasure to have my screen filled with high-resolution images instead of the usual scanned or other "stuff." **This absolutely magnificent collection has a resolution as high as the cost is low** and either, let alone both, of those features are rare indeed." (Dr. John Dominic Crossan, Professor Emeritus of Religious Studies, DePaul University)

"The pictures are outstanding--**great color, terrific views, fabulous aerial shots, beautiful composition.** Another feature of the pictures which I really appreciate is that **they are all labeled! You know right from the picture exactly what you are looking at.** This makes the pictures usable even by someone who has not been to Israel and has not seen these places personally." (Dr. J. Carl Laney, Professor of Biblical Literature, Western Seminary)

The DVDs are well-organized, and the availability in picture file or power point format makes them uniquely accessible for all kinds of preparations. **From detailed close-ups of the smallest item or area of a site, to breathtaking aerial views of entire regions, these pictures TEACH.**" (Dr. Steve Austin, Texas Gulf Coast Bible Institute)

"This inexpensive set is a "must-buy" for every Bible teacher!" (Dr. Richard Rigsby, Talbot School of Theology)
